**Subject:** Construction Advisory: Morrill IV Elevated Walkway Construction  
**Importance:** High

The contractor for the Morrill IV walkway Reconstruction Project will begin site mobilization next week (May 29). Construction is not expected to begin until the following week (June 4).

The walkway will be closed for the duration of the work. Construction will be on-going throughout the summer, with completion scheduled before the beginning of the academic year. Intermittent noise and vibration will be associated with the project.

Questions about the project should be directed to the UMass Facilities Planning project manager, Tom Shaw, at 5-6499 or tdshaw@facil.umass.edu.
